Audi Care

New Vehicle Plan

Audi Care is our premier maintenance plan. Don't settle for anything less.

When you purchase Audi Care, you pre-pay for scheduled maintenance service at a very attractive lower price. Over the life of the plan, Audi Care can save an average of 30% versus purchasing these services separately. (Based on an average of Audi dealer labor costs, vehicle model and model year.) That's a significant value.

Of course, you'll also receive superb care from our service team. Your Audi is designed to meet and exceed all of your expectations. You can expect the same level of excellence from our service professionals. No one is better equipped to help you maintain your Audi.

Additional Audi Care details

- All scheduled maintenance must be completed by an Authorized Audi dealer.
- Audi Care is only valid in the country in which it is purchased.
- Audi Care cannot be cancelled and is non-refundable.* No refunds will be given if your lease is terminated early, or if your lease term is less than the coverage period.
- Audi Care is non-transferable. You cannot transfer coverage to another new or pre-owned vehicle. Any remaining coverage stays with the vehicle.
- Audi Care can also be purchased at the full MSRP any time after the initial sale of the vehicle. A later purchase will not, however, allow you to roll the cost into your monthly payment. Service intervals that have already been performed will not be prorated. To receive the full cost-saving benefits of Audi Care, it is highly recommended that you purchase the plan at the time you purchase your vehicle or before the 15K service interval.
